SEO Keyword Research for BLC Graphics

Introduction

Search Engine Optimization (**SEO**) is the process of improving a website's visibility on search engines such as Google.

Effective keyword research helps businesses understand what their target audience is searching for and create content that matches user intent.

This project focuses on conducting basic keyword research for BLC Graphics, a creative service brand that provides Graphic Design, Copywriting, and Video Editing services.

Website Overview

Business Name:

BLC Graphics

Industry:

Graphic Design, Copywriting, and Video Editing

Website Goal

The primary goal of the website is to attract potential clients, showcase creative services, and generate leads from small businesses, startups, entrepreneurs, and personal brands.

Target Audience

The target audience includes:

- Small business owners*
- Entrepreneurs*
- Startups*
- Personal brands*
- Freelancers*

- Content creators

These audiences often search online for branding, graphic design, marketing materials, and content creation services.

Keyword Research Table

Keyword | Search Intent

Examples:

- What is graphic design
- Social media design tips
- Branding tips for small businesses

Recommended Content:

- Blog articles
- Educational guides
- Tutorials

Commercial Intent

These users are comparing options before making a purchase decision.

Examples:

- Best logo design services
- Canva vs Adobe Illustrator
- Affordable branding services

Recommended Content:

- Service comparisons
- Portfolio showcases
- Case studies

Navigational Intent

These users are looking for a specific brand or website.

Examples:

- BLC Graphics
- BLC Graphics portfolio

Recommended Content:

- Service pages
- About pages
- Portfolio pages

Transactional Intent

These users are ready to take action.

Examples:

- Hire graphic designer in Nigeria
- Order logo design online

Recommended Content:

- Landing pages
- Contact pages
- Service packages

Suggested Blog Content Ideas

Based on the keyword research, the following blog topics are recommended:

1. Why Every Business Needs Professional Branding
2. Top Graphic Design Trends in 2026
3. How a Professional Logo Builds Customer Trust
4. Canva vs Adobe Illustrator: Which Is Better?
5. Five Social Media Design Mistakes Businesses Make
6. How to Create Marketing Materials That Convert
7. The Importance of Consistent Branding
8. How Professional Design Improves Sales
9. Beginner's Guide to Graphic Design
10. How to Choose the Right Graphic Designer

SEO Strategy Recommendation

The website should focus on publishing valuable content that addresses audience questions and business challenges.

Recommended strategy:

- Publish one blog article weekly
- Optimize website pages using target keywords
- Showcase portfolio projects regularly
- Create service specific landing pages
- Use internal linking between blog posts and service pages

Conclusion

This keyword research project identified relevant search terms that align with the services offered by BLC Graphics.

By targeting informational, commercial, navigational, and transactional keywords, the business can improve online visibility, attract qualified visitors, and increase potential client inquiries through search engines.
